- How Can I Get Help?
- What's Next?

What Will We Learn?

Learning Outcomes

Students will be able to:

- Identify relevant humane leadership and performance variables and vocabulary associated with them.
- Apply humane leadership models and methods to people and projects
- Use tools to influence their own and others' engagement, empowerment, and performance.
- Ask questions or frame hypotheses about performance improvement innovations
- Design performance innovation experiments, collect/obtain/select appropriate information/data relevant to performance and leadership

Orientation in the Syllabus

Syllabus can be found on the Course welcome page

Notes on the pacing of this course

- We front load a lot of reading and new concepts in the first 5 weeks
  - This allows you to focus on the project and self leadership challenges of the next 5 weeks
- Facing the challenges of a big project with the frameworks and tools of Humane Leadership allows you to
  - Dig deeply into your self leadership lab
  - Internalize your learnings
  - Produce great results with your project
